

Columbia Dentist Dr. James Burke Fine participated in Epstein's trafficking operation, alongside Dr. Thomas J. Magnani. Magnani and Fine treated victims of Jeffrey Epstein. As doctors, they were mandatory reporters of suspected child sexual abuse. There is evidence they were aware of his trafficking operation.

Dr. James Burke Fine's involvement with Epstein has not been reported on. Although information was reported to *Columbia Daily Spectator* almost a week ago, nothing has been reported on. The University's official statements and *Columbia Daily Spectator* also do not mention that Dr. Thomas J. Magnani and Dr. James Burke Fine enabled the trafficking of girls and saw victims of Epstein. Epstein paid the dentists directly and often received information about the treatment plans of victims from their offices.

Dr. James Burke Fine not only continues to practice medicine but remains Senior Associate Dean for Postdoctoral Academic and Student Affairs, Professor of Dental Medicine at the Columbia University Medical Center, Attending Dentist, and Chief Practice Director of Faculty Practices at the College of Dental Medicine. Dr. Thomas J. Magnani continues to practice medicine.
